**Kerim M. Munir** is Director of Psychiatry, University Center for Excellence in Developmental and Related Disorders (UCEDD), Division of Developmental Medicine, Boston Children's Hospital and Holmes Society Fellow in Global Health, Harvard Medical School.

Dr. Munir has trained numerous doctoral students, postdoctoral fellows and junior faculty; he continuously serves as principal investigator on numerous training and research grants sponsored by Fogarty International Center and the National Institutes of Mental Health. He is current chair of scientific section on Intellectual Developmental Disorders, World Psychiatric Association.

**HARVARD**  
MEDICAL SCHOOL

**Marco O. Bertelli**, is a medical doctor, psychiatrist and psychotherapist. He is Scientific Director of CREA (Research and Clinical Center), San Sebastiano Foundation, Misericordia di Firenze, Florence, Italy; President of SIDiN (Italian Society for Neurodevelopmental Disorders); Past President of WPA-SPID (World Psychiatric Association - Section Psychiatry of Intellectual Disability); and Past President of the EAMHID (European Association for Mental Health in Intellectual Disability).

Dr Bertelli carries out consultancy, supervision and teaching activities for various Universities and health service providers as well as national and international research centres. He is the author of numerous scientific articles, book chapters and full books related to psychopathology, quality of life and nosology of autism spectrum disorders and intellectual developmental disorders. In 2011 he received the Honorary Life Membership of the World Psychiatric Association, for the excellence of service.

This event is an initiative of the ANU Centre for Mental Health Research
